

AD22P Acoustic Leak Detector

Professional Tools for Indoor and Outdoor Water Leak Detection

The HIKMICRO AD22P Acoustic Leak Detector is designed for indoor plumbing and outdoor property-side water leak detection. With dual sensors, HIKMICRO SuperDetect, and a 7" touch screen, AD22P helps technicians locate suspected leaks faster and work more efficiently.

Indoor & Outdoor Detection

For indoor plumbing and outdoor property-side leak detection.

Upgraded Dual Sensors

Dedicated sensors for different leak detection environments.

HIKMICRO SuperDetect

Highlights suspected leak points for easier indoor leak localization.

7" Touch Screen

Large display for clear results and intuitive field operation.

FIND LEAKS IN 3 STEPS

Scan suspected areas

Localize leak-related sound

Pinpoint the most likely leak point

Applications

*Recommended for indoor plumbing and outdoor property-side pipelines around residential and commercial buildings.
